

## 1-1 North West Elevation (with the true roofline shown)

The 65.860m AOD ridge level is from Westward Care

## 2-2 South East Elevation (with the true roofline shown)

### 3-3 North East Elevation (with the true roofline shown)

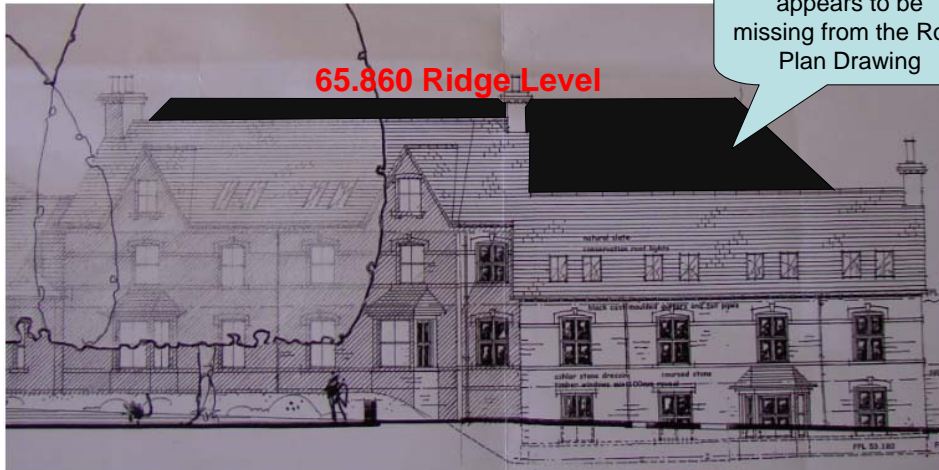

### 4-4 North East Elevation from East Busk Lane

This elevation is more indicative than the other four. It illustrates how the mass of the development will loom over the boundary wall when looking square to the gable wall of the Summercross.

## 5-5 West Elevation (with the true roofline shown)

The 65.860m AOD ridge level is from Westward Care

Here a gable end wall appears to be missing from the Roof Plan Drawing
